**Subject:** RE: Good morning,

Dear Ms. Brenda R. Curtis,

This is to acknowledge receipt of your Letter of Protest/Comments to the Public Service Commission of South Carolina. Your Letter of Protest/Comments will be placed in the Protest File of the Docket listed below and on the Commission's Website at [www.psc.sc.gov](http://www.psc.sc.gov).

- Docket No. 2018-319-E - Application of Duke Energy Carolinas, LLC for Adjustments in Electric Rate Schedules and Tariffs and Request for an Accounting Order

A Protestant is an individual objecting on the ground of private or public interest to the approval of an Application, Petition, Motion or other matters which the Commission may have under consideration. A Protestant may offer sworn testimony but cannot cross-examine witnesses offered by other parties.

According to the Commission's Rules of Practice and Procedure, filing a Protest does not make you a Party of Record. A Protestant desiring to become an Intervenor (i.e., a Party of Record) in a proceeding before the Commission may file a Petition for Intervention within the time prescribed by the Commission.

You can follow this Docket and other daily filings made at the Commission by subscribing to the Commission's Email Subscriptions at this link: <https://dms.psc.sc.gov/Web/Email>; or you can follow the individual Docket at the link listed below:

**Subject:** Good morning,

I didn't get a chance to go the Spartanburg County Meeting yesterday March 12th 2019 to address my concern on the rate hike by Duke Power. I am very disturbed about the rate proposal and this is why.

CEO Lynn Good made \$21.4 million last year 2018, an increase of 55 percent from the year before, according to the company's proxy filing released Friday.

Now, I can also research her board pay too if you would like and I am sure it is more than her salary. Duke Power has been for years paying their staff more monies than the average employee in the State of South Carolina. I can assure you this is why Duke Power substations are not up to par and haven't been addressed for years and why their customers are having to go again to another proposed pay hike for their company. Duke Power's equipment has fallen by the wayside for years not keeping their equipment up to par. The last ice storm people in Spartanburg county were without electricity for 8 days because it being on the weekend. The CEO Lynn Goodman didn't send her troops out until Saturday night in force. Bad judgement call for an acting CEO making 21.4 million dollars and her staff. It doesn't take a rocket scientist to figure out for years that there is and has been corruption within this company and why the State of South Carolina and their surrounding states have not seen upgrades in years. I am pleading with you that the government needs to look into Duke Power's corruption of overpaying their staff and not updating their equipment and why are we as their customers having constantly pay for their negligence.

I am opening up an investigation as to why we as paying customers keep having to pay these people's salaries and their the employee's salaries when they are mis-allocating their funds to upgrade their substations and equipment.

Signed a concern paying customer.

Brenda R. Curtis
